Resist Invasion.

Citizens of Luzon Still Object to
Foreign Invaders.

Manilla, October 16.—A detachment of 20 men of the 24th regiment while engaged in repairing telegraph wires October 10 at a point near San Jose, Nuevo Ecija province, Isle de Luzon, were set upon by over 200 rebels and were overpowered and settled. Seven of the Americans reached San Jose, but it is probable that the remainder were captured.

The enemy surprised a party of scouts of the 43rd infantry at a point three miles from Takalabon, killing three of the Americans at the first volley. Two escaped and gave the alarm, but the enemy succeeded in evading the pursuers.

Crew Mutinied.

Said to Have Killed the Captain and
Seized an Island.

San Francisco, October 15.—The British ship *Lapsing*, which left Port Blakely on June 1, bound for Port Pierie, Australia, is now out 136 days, and 20 per cent additional insurance has been offered on her. She has a cargo of nearly 2,000,000 feet of lumber. A story is current in shipping circles that the crew has mutinied, killed the captain and located on Bonham Island in the South Seas, after wrecking the vessel.

The census bureau is giving out its reports as fast as made up, but as yet have not reached the Indian Territory. The territory will show a greater increase since the last census than any state or territory in the union.

A factory that employs only one person is of that much value and advantage to the town in which it is located.

Defense of Pekin.

Japanese Commander will Take
Charge.

Washington, October 16.—The Japanese legation is in receipt of a dispatch from the foreign legation of a dispatch from the foreign office at Tokyo, containing a report from the Japanese consul at Tien Tsin to the effect that the allied forces of Great Britain, France, Germany, and Italy would on the 12th inst march on Pao Ting in 3 columns, the right under the British commander, the center under the German, and the left under the French, and the Japanese would take charge of the defense of Pekin.

Indemnity to Italians

Washington, Oct., 13.—The president will recommend to congress the payment of an indemnity to the families of the four Italians who were victims of a mob at Tallulah, La., about two years ago. A report from a special agent of the department of justice clearly establishes the fact that the men were killed by a mob and that none of the perpetrators of the crime were ever punished by the state authorities, notwithstanding the representations of the Italian government. The governor of the state of Louisiana caused an investigation to be made and there were some proceedings before a grand jury, but the result was that the national government found itself bound to make some sort of a reparation in answer to the Italian government's representations, and this will take the form of an indemnity for each of the persons killed who were Italian citizens at the time of their death.
